

146 500

INSULATED HOT TANK

GRIZZLY insulated tanks are manufactured using all new materials, not recycled 55 gallon drums. All our tanks are water tested for leaks before they are insulated and jacketed. The hot tanks can be mounted on different machines such as:

- 143 000 and 143 012 Little giant trailer
- 144 000 Utility carriers
- 330 000, 332 000 and 333 000 Workhorses
- 340 000 Predators

The 601 201 draincock is sold separately.
